How a Customer Uses Lex Nova

A simple, plain-language walkthrough — from the moment someone has a legal problem, to the moment it is resolved.

MEET SURESH — OUR EXAMPLE CUSTOMER

"I'm a small business owner in Hyderabad. A supplier cheated me out of ₹3 lakhs. I didn't know any lawyers. I didn't know where to start. Then someone told me about Lex Nova."

The Journey at a Glance

8 simple stages. Every step explained in plain language below.

Step by Step

Follow Suresh's journey through every stage of Lex Nova.

STAGE 1 · DISCOVERY

Suresh finds Lex Nova

Suresh searches Google for "lawyer for business dispute Hyderabad" and finds Lex Nova. He lands on the homepage and immediately sees something different — instead of a confusing law firm website, he

sees a clear promise:
radical transparency,
verified advocates,
and a free
consultation.

He reads about how
Lex Nova works —
retired judges
supervise advocate
quality, every case gets
a live tracking
dashboard, and there
is no fine print.

✓ **First impression**

Vision visible upfront

SURESH THINKS

*"This looks
different. They're
actually explaining
everything upfront.
And there's a free
consultation? Let
me try."*

STAGE 2 ·
REGISTRATION

**He registers —
just his phone**

number

Suresh clicks "Book Free Consultation." He is asked for his mobile number only — no passwords, no email sign-up. He gets a 6-digit OTP by SMS, enters it, and he is in within 60 seconds.

He then fills a short profile: his name, city (Hyderabad), and a brief description of his situation — supplier cheated him, ₹3 lakh at stake.

The next time he comes back, he just enters his phone number again. His entire history is waiting for him.

He browses and picks his advocate

Suresh sees a list of verified advocates. He can filter by practice area — he selects **Corporate / Consumer**. He can also filter by state — he picks Telangana.

Each advocate card shows: years of experience, city, what they specialise in, their star rating from real clients, how many cases they have handled, and whether they are **Available** or **Busy** right now.

Suresh taps on Adv. Venkata Subramaniam — 9 years, Corporate specialist, 74% success rate, 210 cases, 4.6 stars. He reads his bio, sees his Bar Council number and the "Lex Nova Verified" badge, and reads a notable

case win. He is
convinced.

✓ **Verified advocates
only**

Filter by area + state

**Real ratings + case
counts**

SURESH THINKS

*"I can see his
qualifications, his
Bar number, how
many cases he's
handled. This isn't
just a random
referral — I can
make an informed
decision."*

STAGE 4 · BOOKING

He books his free 20- minute slot

Suresh clicks "Book
Free 20 Minutes." A
calendar opens
showing the next 30
days. Green slots are
available, grey slots are
already taken by other

clients.

He picks Tuesday at 11:00 AM. The slot is immediately reserved for him for 10 minutes while he completes the form — nobody else can take it.

He fills in: his name (pre-filled), a brief description of his case, and optionally uploads his supplier contract as a PDF. The advocate will review this **before** the call.

He selects **Video Call** and confirms. He instantly gets an SMS and email with the date, time, advocate name, and a join link.

✓ **Slot locked**

No duplicate
bookings possible

Document upload
before call

SURESH THINKS

"I uploaded my contract so the advocate can read it before we speak."

*He'll already know
my situation when
I join. That's very
different from
what I'm used to."*
